

Accreditation Council on Optometric Education
Accredited Optometric Technician Programs
July 18, 2022

The Accreditation Council on Optometric Education has awarded the optometric technician programs below one of the following classifications:

Accredited: a classification granted to a program that generally meets the standards for accreditation.

Accredited with Conditions: A classification granted to a program with major deficiencies or weaknesses with reference to the standards of accreditation. This classification indicates that the educational effectiveness of the program is in jeopardy. *Currently, no programs are Accredited with Conditions.*

The ACOE posts on its website information associated with its Accreditation Actions and Decisions, including reason(s) and program comments, if any.
